

DK50HLQ

5T Hydraulic Jack

DESCRIPTION

High lifting, heavy duty hydraulic jack

Lifting 5t from a low minimum height of 140mm, through to a maximum height of 975mm, this high lifting, heavy duty hydraulic jack is an excellent unit for trucks, agricultural machinery and contractor's equipment.

Made with a wide and robust frame of high strength steel, this unit is safe and ergonomically designed for ease of use.

- 5t lift capacity
- Quick lift pedal
- Minimum height of 140mm

With a wide and robust frame made from high strength steel, the DK50HLQ is fitted with a quick lift pedal for easy reach of lifting point and provides precise and safe control whilst lowering.

Loaded with safety features including built-in safety overload and manual dead man's release, this unit provides optimum safety when lowering. The ergonomically designed handles ensure a positive and safe experience for operators.
