

WN20 / WN25

Heavy Duty Commercial Crane

DESCRIPTION

Frame enabled for Euro pallets

With a lift capacity of 2t, this crane is ideally suited for Industry and commercial auto workshops, with an internal frame that accommodates Euro pallets.

- Lift capacity 2t
- Frame enabled for Euro pallets
- Jib arm with large lifting capacity

Lifting up to 2t, the jib arm holds its strength, even in 5th position. The inner frame width enables use with Euro pallets, while the hard chromium plated piston rod and pump piston ensuring longevity, plus 2 castors and 2 fixed wheels fitted for easy manoeuvrability, even with maximum load, makes this an ideal addition to any business.

The lifting hook has a 360 degree pivot ability, while the pump also rotates 360 degrees for excellent operation in all working conditions. Combined with the 360degree wheel rotation for easy manoeuvrability, even with maximum load, this crane is a solid and durable performance unit.

Loaded with safety features including built in safety overload valve and hand operated dead man's release this crane offers optimum safety whilst lowering.

Tech Specs	WN20	WN25
Capacity	2,000 kg	2,000 kg
Lifting Height	2,340 – 2,630 mm	2,340 – 2,630 mm
Jib arm	1,210 – 1,630 mm	1,210 – 1,630 mm
Frame Height	160 mm	160 mm
Frame Length	1,750 mm	1,750 mm
Height	1,850 mm	1,850 mm
Inner Width	840 mm	840 mm
Frame Width	1,020 mm	1,020 mm
Weight	250 kg	255 kg
