

DESCRIPTION

Heavy-Duty Wheel Trolley

Ideal for use on tractors, agricultural and contractors' machinery, the WT-1500NT can easily lift up to 1.5t. It assists with the efficient removal of large wheels, as well as deep-treaded tractor tyres.

When you are removing large wheels and deep treaded tractor tyres, you need a reliable and durable wheel trolley to manoeuvre around the workshop. The WT-1500NT is the perfect trolley with a lift capacity of 1.5t, your heavy rolling becomes light work.

Equipped with side adjustable lifting arms suited for wheel diameters ranging from 920-2,300mm, plus 4 large, heavy duty revolving wheels to make transport that much easier, this is the obvious choice for truck, farm or agriculture industry workshops.

Flexible and ergonomic, this wheel trolley has 3 roller bearings on the lifter arms for easy rotation of the wheel into the correct position. The mechanical operation means precise and easy lifting, while the robust safety retaining bracket secures the load during transport, making this the trolley for your big wheel needs.

Tech Specs	WT-1500NT
Capacity	1.5 t
Height	1,455mm
Length	1,040mm
Width	1625 - 2375mm
Roller Length	690mm
Roller Distance	900 - 1650mm
Roller Diameter	Ø 80mm
Wheel Size	Ø 1,000 - 2,400mm
Weight	300 Kg
Handle For Wheel Rotation	Yes
