

AB16

16T Axle Stand

DESCRIPTION

Suits extra heavy vehicles

Ideally suited for exceptionally heavy vehicles, the AB16-290 can be used to support large trucks, contractor's machinery, military vehicles and more, even if they have low clearance. With a minimum support height of 290mm and the ability to adjust height up to 6 positions, this versatile unit is an ideal heavy duty workshop lift partner.

- 16t load support capacity
- Suits extra heavy vehicles
- Minimum height 290mm
- Maximum height 4555mm

Offering multi-height adjustability through up to 3 unique positions, this unit is easily able to accommodate the multiple heights required for your heavy duty load support needs. With a 16t capacity this axle stand is made with a robust construction ensuring maximum stability and easy multi-levelling for even the heaviest loads.

Ideally suited to support and aid when large vehicles are in the air, this unit provides stability and strength to ensure the safety and easy working conditions your commercial business needs to get the job done.
