

### DESCRIPTION

#### Double-acting air-operated oil diaphragm pump

- Ratio = 5:1 Delivery capacity 35 l/min
- For wall-fixing or fixed positions
- With different accessories it allows alternative possibilities of application
- Polyurethane seals
- Comes with threaded ring for drum connection

Tech Specs	LWS028-A170-AB1
Fluid Connections	1" BSP
Air Connection	½" BSP
Max. Flow-rate	170 l/min
Max. Air Pressure	8 bar
Max. Delivery Height	80 m
Max. Suction Lift Dry	6.0 m
Max. Suction Lift Wet	9.8 m
Max. Solid Passing	7.5 mm
Noise Level	75 dB
Displacement per Cycle	330 cm <sup>3</sup>
Mac Viscosity	35,000 cps
Max. Temp	95°C
Weight	16 kg
Measurements (WxLxH)	222 x 370 x 364 mm
