

WJN5EUR / WJN10EUR

Heavy Duty Commercial Crane

DESCRIPTION

Loaded with safety features

Ideally suited for industrial and commercial auto workshops, the internal frame of this hydraulic workshop crane accommodates Euro pallets and can lift up to 1.1t.

- Lift capacity 1.1t
- Enabled for Euro pallets
- Jib arm with large lifting capacity

Lifting up to 1.1t, the jib arm holds its strength, even in 5th position. The inner frame width enables use with Euro pallets, while the hard chromium plated piston rod and pump piston ensuring longevity, plus 2 castors and 2 fixed wheels fitted for easy manoeuvrability, even with maximum load, makes this an ideal addition to any business.

The lifting hook has a 360 degree pivot ability, while the pump also rotates 360 degrees for excellent operation in all working conditions. Combined with the 360degree wheel rotation for easy manoeuvrability, even with maximum load, this crane is a solid and durable performance unit.

Loaded with safety features including built in safety overload valve and hand operated dead man's release this crane offers optimum safety whilst lowering.

Tech Specs	WN11	WN15
Capacity	1,100 kg	1,100 kg
Lifting Height	2,260 – 2,540 mm	2,260 – 2,540 mm
Jib arm	1,210 – 1,630 mm	1,210 – 1,630 mm
Frame Height	160 mm	160 mm
Frame Length	1,750 mm	1,750 mm
Height	1,690 mm	1,690 mm
Inner Width	820 mm	820 mm
Frame Width	1,000 mm	1,000 mm
Weight	168 kg	175 kg
